

Leila Arboretum

& Children's Garden ^[1]

Planting a Brighter Future!

As a member of the Leila Arboretum Society, you are not only helping to make BC Green, but you are also giving yourself the opportunity to meet wonderful people and make lasting friendships. Many of our members exchange gardening tips, plants and vegetables, share knowledge and help each other learn more about the wonderful world of gardening. Whether it's working in the greenhouse, the smell of flowers or the dirt between your fingers, being a member is both fun and educational.

Benefits
